

Quality Policy

DiaCCon is committed to customer satisfaction by delivering high quality products and the best service.

For the success of our customer, for the success of DiaCCon and for the success of our employees, both the management and the employees keep the following principles in mind:

- We meet our commitments in terms of quality, cost and schedule.
- We build a mutually profitable relationship and ensure long-term success by understanding our customers' needs and those of their customers.
- We work continuously and systematically to improve our quality performance.
- We encourage open discussion, creativity and to create personal skills.
- We treat all genders as equal.
